The Howell Athletic Business Club is a vital component of the success of the Highlander Athletic Program. The financial support provided by our members is critical to our ability to provide a first class competitive environment for our student athletes. The KLAA West Division is one of the toughest divisions in the State and we are fortunate that we have a great fan base. We have excellent attendance at home events which provides solid exposure for our business club members. We look forward to having your support this year.

— John Young, Director of Athletics, Howell Public Schools
